WEDDING FILM (VIDEO)

We thrive on being different, continuously innovating our services; our wedding films venture was initiated by end of 2014 and after a thorough meeting with a client, we analyze what kind of a film suits that couple/family which takes a viewer from the preparations for the events to the actual ones (nikkah, mehndi, shaadi, valima) through a visual story which sometimes is supported by basic animation or verbal story by the couple, their friends or family. The use of personnel and cameras is at our assigned director's discreet after the client's brief, utilizing it for the best output and our results are a witness to that. This is for all the modern and unique tatse-buds. The final product will range between 10-30mins.
Total Charges: **PKR 500,000/-** (approx.)

TERMS AND CONDITIONS AND FAQs ANSWERS:

Each project has its respective delivery timeline, for example for events our submission timeline is 30 days for photos and 60 days for videos; that may vary during work load. Kindly discuss it at the time of locking the project and follow it accordingly.

(Applied to Weddings/Events only) All images submitted are in hi-res and without any watermark. We don't have a limit to what we shoot; we will give it to you as long as it is good to share (we sort out the duplicate images, test shots, missed focused shots, shots with bad expressions and other images that may dilute the overall product delivery). Expected range from one photographer via a typical event is 200-600 varying on many conditions at an event

Our dedicated portraits sessions are 1-2h long in duration and we ensure to capture the couple/bride/groom in all its true essence. Do you instruct for posing? We look at the situation and demand and comfort at hand, then we see & apply the best solution possible. It varies from having storyboard on our phones, to your phones, to conversations and creating candid moments

We have shot at hundreds of venues, so there is a good chance that we have been to your venue too. However, if we have not, we will get to the venue early on the day and analyze the environment

Album selection from a package if received after 18 months post the project date will be charged separately. How long does it take to get my album? As with our other products, production times vary. First it depends on how quick you give us the selection of images after we submit you the final lot. Then it is dependent on how quickly you respond to the album design as well as the number of changes you request after the initial designs. Some couples complete this within a month or two; others take over a year. Can I add more images to my album? Extra images beyond what is included in your package can be added for an additional cost.

If an event (big or small) exceeds from its set time of 4h, 2h or so, every extra hour put in by the team will be charged at PKR 10,000/hour per member. Why do we need to charge for additional coverage? Well, we've dedicated the entire time to your wedding, so we won't be racing off to catch other plans that evening. There are costs of having the team stay for additional hours, they all require additional compensation. Furthermore, the additional photos taken will need to be post-produced which adds to our overall costs.

For weddings and general events of 100 people or less, we recommend you have one photographer (core or assist) and one videographer with one video edit (5mins short or 20min extended version). Usually at any given event, there are two photographers (core & assist to keep it economical and constructive) and two videographers (to give two videos as short & long edits if that's the desired outcome). Event coverages and its demands/styles continuously change with time so it's good to know beforehand what is required as an end-product

In the case of dark venues, no need to worry! If the situation allows, we will set up additional lighting to ensure we get focused pictures. Some venue/clients do not favor flash photography; and for that reason, we shoot on high-end cameras with superb low-light performance and lenses with low apertures

COPYRIGHT, ATTRIBUTION & INDEMNITY, LIABILITY CLAUSE
R World holds the right to use the client's images and videos (limited) for their promotions and marketing across all its social media handles (facebook, instagram, youtube) and the website, advertising or trading it or any and all other uses, unless agreed otherwise via written request from the client. The content before upload on the social handles may or may not be shared with you. It is done to allow potential future clients to view our style of work and hopefully engage us for themselves. Once you've hired our team and availed our services then all the terms and conditions become automatically applicable, as it means the T&C's have been agreed upon.

We also protect our creative rights in our images and materials. You are prevented from altering or treating our work in a derogatory manner. Please note that manipulation or distortion of images without our consent is prohibited. If we are unable to perform the services as per the agreement (contract) due to any cause outside its control, the client agrees to indemnify photographer for any loss damage or liability; however, we will return in full all payments made by the client to us in relation to that project. The client also agrees to indemnify and hold harmless our firm (photo-video-design-print) for any liability, damage, or loss related to technological failure, including data loss. The client also agrees and understands that the quality of a photograph/video edit is entirely subjective; we will strive to present the final submission in a workmanlike manner but is not required to cater to specific aesthetic preferences of the client.

POST PRODUCTION
Extra charges for urgent delivery of photos/videos or home delivery services are applicable.
Video Edit is part of a package (unless stated otherwise) and one-time change is complimentary while every next edit is charged.

No raw data of photos or videos is to be submitted to the client, it's against our SOP unless agreed otherwise through a signed MOU (memorandum of understanding) form.

What rights do I have to the digital prints? You have the right to reprint images whenever/wherever you want. However, you may not sell your images for profit or publish your images without the written consent of **R World**

Raw data of a project in terms of videos will be deleted at our end **six months** after the event date while the final video and photos product will be archived. You also understand and agree that we are not required to maintain copies of the photos/videos from your shoot one year after the data has been delivered to our clients.

CORPORATE
For corporate profiles & portraits or architecture/space work, a brief or a visit to your site is recommended by our member so an appropriate cost is provided from our end after an initial meeting.

STUDIO
Our studio team has a vast experience in photography & videography. They do headshots, individual portraits, family portraits, transition videos, promos, baby shoots, e-commerce photography, product montages & food photography. You can get in touch with us even if we need to set up the studio space at your premises!

DESTINATION PROJECTS
We love travelling as much as we love photography & films so if you want us to be with you anywhere in the world or within Pakistan, just pay our travel & lodging costs, and our international fees for the required work and we will fly directly to you; we are also happy to work within practical budgets!

PAYMENT
50% advance payment (non-refundable) of the total charges is to be paid as IBFT or cash or a Cheque in favor of **R World** in order to confirm your project with us! 25% of the bill is to be paid after the shoot and before any deliverable or post work. Then rest of the total payment is to be paid on the submission (photos and/or videos) of end deliverables.

Advance payments are non-refundable, in every and all cases in order to respect our presence, stance, team, time and effort. Postponement of events & projects will just carry forward the same package

For the corporate work, a purchase order (PO) is required to be provided in our favor before start of the work unless agreed otherwise. Also, please discuss the tax requirements and payment procedures beforehand.
